Directions
The Henry Wellcome Building is located just off Torrington Square, around the corner from the ‘Clare Management Building’ (on the path between Torrington Square and Woburn Square).

If driving
The Babylab has two areas available for parking: Woburn Square (both sides) and Torrington Square. Woburn Square is easier to access within the one-way system in this area, though there may not be empty parking spaces there during the day. Torrington Square is more difficult to navigate by car. However since it is a quiet residential street, there are usually a few spaces open. To enter Torrington Square you must make your way through the one-way system to Keppel Street to get into Malet Street. From Malet Street turn right through the University of London gates, then left into Torrington Square (drive down the slope) and park on the righthand side of the square. You can park on either side of Woburn Square. When you arrive at the Babylab, we will provide you with a temporary parking permit. If you are staying overnight for a study, we recommend that you park on Torrington Square to guarantee a parking space.

If arriving by taxi
Please ask the driver to drop you outside 28 Woburn Square, WC1H 0AA (not our building). Once at the top of the square turn right and walk up the paved slope. The Henry Wellcome Building is a new building on the right.

If you have any problems, phone us on 020 7631 6258
